MEDSKILLS CATALYST · MEDTECH TALENT INITIATIVE

Campus Catalyst Partners

Much more than an outreach initiative — it is a partnership that brings the MedTech industry to your institution, and your chance to shape the next generation of MedTech professionals.

● **Become the Driving Force of MedTech Innovation at Your Institution**

What this program is

A structured partnership that connects placement officers, professors, and staff directly to the rapidly growing Medical Devices (MedTech) industry through real collaboration and real outcomes.

What's in it for you

Professional recognition, industry networking, expert-session invitations, and a stronger placement record for your institution — all built alongside your academic role.

Four Levels of Growth

A clear progression path that grows your involvement, influence, and industry exposure at every stage.

Campus Partner

Introduce the program on campus

Nominate student ambassadors

Share opportunities with students

Program Coordinator

Coordinate campus activities

Liaise with the Medskills core team

Facilitate seminars & workshops

Faculty Mentor

Mentor student cohorts

Co-host industry expert sessions

Guide MedTech industry projects

Industry Collaborator

Collaborate with MedTech companies

Facilitate internships & placements

Shape curriculum-industry alignment

Recognition That Grows With You

Engage, mentor, and lead — and unlock progressively richer recognition and collaboration opportunities.

LEVEL	CRITERIA	RECOGNITION
B Bronze Partner	Active program adoption on campus	Certificate of Appreciation
S Silver Partner	Sustained student engagement & campus events	Recognition Letter + Exclusive Webinar Access
G Gold Partner	Outstanding institutional impact	Industry Networking + Felicitation
★ Campus Catalyst	Highest-impact partner	Advisory Role + Leadership Recognition

Your Partnership Path

Use these talking points to introduce the program to students and colleagues at your institution. The Medskills Catalyst core team stays connected to support you through every step of execution.

“Don't just teach the curriculum — connect your classroom to the industry shaping tomorrow's healthcare.”

For Your Students

- Learn about MedTech early
- Develop industry-relevant skills
- Gain leadership experience
- Build a professional network
- Access internships & career opportunities

For Your Institution

“We are helping your students become industry-ready for the rapidly growing MedTech sector.”

- Strengthen student employability outcomes
- Connect your campus to industry leaders
- Build a recognized MedTech talent pipeline

The statements above are references to ignite your thoughts and help you kickstart. The core team of Medskills Catalyst will always be connected to support you through execution — ensuring your campus becomes a hub for **Future MedTech Leaders**.

Warm Regards,
Team Medskills Catalyst
